

B. K. Afghan Memorial Award

Commemorating the dedication of Dr. Baderuddin Khan (Aff) Afghan to the Chemical Institute of Canada and, in particular, to his service to the CIC Environment Division and the CIC Hamilton Section (Inaugurated in 2012)

- 1. PURPOSE** To recognize the involvement of Hamilton and Area Undergraduate students making a significant contribution to water analysis or treatment technology. The award includes \$500 honorarium and a Certificate.
- 2. ELIGIBILITY**
 - 2.1. Candidates must be either an undergraduate or within one year of graduating as an undergraduate student from a Chemical Programme, Mohawk College or from the Chemistry, Chemical Biology or Chemical Engineering Programmes, McMaster University.
 - 2.2. The work being submitted for consideration of this award should have been done while at one of these institutions while an undergraduate student and be no more than 1 year beyond graduation.
 - 2.3. Must be a member of the Chemical Institute of Canada (CIC).
- 3. PROCEDURE**
 - 3.1. Candidates should submit their applications by the 3rd Friday of October.
 - 3.2. All applications should be submitted electronically (as a .pdf file) to the Chair of the CIC Hamilton Section (aff_award@dbc.net). The submission should consist of a 500 word summary of the research, an up to date CV, a cover letter and a letter of reference from the student's supervisor.
- 4. SELECTION COMMITTEE**
 - 4.1. The selection of a successful candidate shall be made by a committee consisting of the following three persons: The Chair of the CIC Hamilton Section who shall be the Committee Chair, plus one representative from each of the Chemical Technology programme at Mohawk College and either the Chemistry or the Chemical Engineering programmes at McMaster University, or another member of the CIC Hamilton Section Executive.
- 5. TERM OF THE REFERENCE FOR THE AWARD**

The terms of the Reference for this Award are given in the separate B. K. Afghan Memorial Award statement.
