Before applying to any Academic Program/Plan, review the admission requirements found in the Undergraduate Calendar. Minimum GPAs and grades or averages, in specific courses, are required, but, do not guarantee admission for Academic Plans with a limited enrolment.

It is important that you rank your choices carefully. If you are admitted to your first choice, you will not be evaluated for any other Academic Plans. If not, only then will you be evaluated for admission to your second choice, third choice, and so on.

If, after you have confirmed your selections, you wish to make a change, select the Change Choices button. This can only be done until the end of the application period.

Admission decisions will be available in late May and may be found by viewing the My Academics page, from the Student Center.
