

Engineering Graduate Society

Who are we?

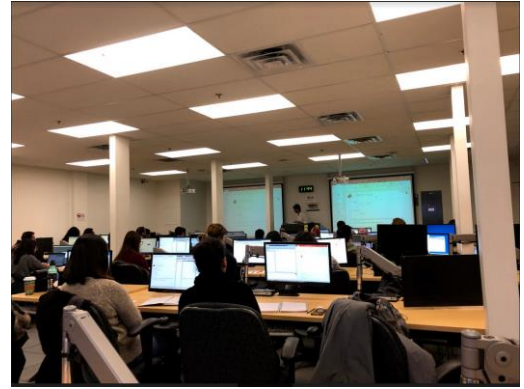

The **Engineering Graduate Society (EGS)** consists of up to three representatives from each department. We **represent your interests** to the university regarding:

- Curriculum
- Fees and student pay
- Health and safety

and more.

We also award **travel scholarships** and hold **events** throughout the year, including:

- Workshops (“You will write all your papers in LaTeX” – some Mac Eng supervisors)
- Socials
- METRIC, our annual graduate student conference

2018 MATLAB workshop

METRIC 2018

Who do we work with?

We liaise with

- McMaster’s Faculty of Engineering
- Graduate Student Association (GSA)
- Science Graduate Association (SciGSA)
- Undergraduate McMaster Engineering Society (MES)
- Our Union (CUPE 3906)
- School of Graduate Studies (SGS)

to ensure that Engineering Graduate Students’ interests are heard.

Want to get involved?

All full-time engineering graduate students are **general members** and are welcome to **sit on our committees** (listed on our website) and **run for elections as departmental representatives**. If you find yourself experiencing **any issues relating to your schooling**, or even in your life as a resident of Hamilton, we are happy to either **help or provide direction** to the appropriate resources.

Please feel free to contact your EGS representative with any questions, complaints, or recommendations you may have:
