Engineering Co-op and Career Services

Engineering Co-op & Career Services (EC CS) connects students with employers, offers career development tools and resources, and provides opportunities for students to gain employment experience.

The McMaster Engineering Co-op program is flexible, and designed to work around your needs. This allows students to apply for co-op jobs that fit best with their courses, personal life, and desired experience.

Our program is optional, flexible and accessible for all.
- Co-op is available in all degree options.
- A minimum of 12 months of relevant work experience is required to receive the co-op designation on your degree.
- For maximum flexibility, options include:
  - 4-month summer work-terms.
  - 8-month to 16-month continuous work-terms

STATISTICS ABOUT CO-OP
- McMaster Engineering is the second largest co-op program in Ontario, Canada.
- In 2021/2022, over 2500 undergraduate and graduate students completed over 4000 co-op work terms across the globe.
- 94% of students are working in Ontario (within two hours of campus). Our students complete experiences all across the globe such as California, New York, Germany and beyond!
- Over 1000 employers engage annually with McMaster Engineering through virtual and on-campus events, experiential engagement, and recruitment activities.

96% of students felt their company provided them with a rewarding work environment

99% of students felt their company provided them with a diverse, ethical and equitable work environment
